 - e the maintenance and development of links, in the fields covered by this Charter, between groups using Sami and other groups in the State employing a language used in identical or similar form, as well as the establishment of cultural relations with other groups in the State using different languages;
 - f the provision of appropriate forms and means for the teaching and study of Sami at all appropriate stages;

- 2 Norway undertakes to eliminate, if it has not yet done so, any unjustified distinction, exclusion, restriction or preference relating to the use of Sami and intended to discourage or endanger the maintenance or development of it. The adoption of special measures in favour of Sami aimed at promoting equality between the users of Sami and the rest of the population or which take due account of their specific conditions is not considered to be an act of discrimination against the users of more widely-used languages.
- 3 Norway undertakes to promote, by appropriate measures, mutual understanding between all the linguistic groups of the country and in particular the inclusion of respect, understanding and tolerance in relation to Sami among the objectives of education and training provided within the country and encouragement of the mass media to pursue the same objective.
- 4 In determining its policy with regard to Sami, Norway shall take into consideration the needs and wishes expressed by the groups which use Sami. It is encouraged to establish bodies, if necessary, for the purpose of advising the authorities on all matters pertaining to Sami.
